SIFT PLOT IN
DUKE'S DEATHMen Higher Up Believed
to Have Directed Royal
Assassinations.

PROMPTED BY HATRED

Punitive Measures Further Em-
bitter Relations Between
Two Countries.

Vienna, June 29.—From all parts of the dual monarchy most of the foreign countries' messages poured in today, testifying to the painful impression produced on the world by the assassination of Archduke Ferdinand. When the emperor arrived at the suburban station from Ischl this morning he was greeted with cheers from large crowds. He drove in an open carriage to the castle. He appeared in the best of health and was received by the royal palace by Archduke Charles Francis Joseph, now heir apparent to the throne. Although today is a holiday, the newspapers appeared to devote their columns exclusively to yesterday's tragic event and paid warmest tributes to the late archduke and his wife. The general impression is given by the press to the conviction that the people's dual monarchy would rally round the venerable emperor.

Martial Law Proclaimed.

Sarajevo, Bosnia, June 29.—Martial law has been proclaimed both in the city and in the district of Sarajevo in consequence of the assassination yesterday of Archduke Ferdinand and the Duchess of Hohenberg.

Death masks of the archduke and duchess were taken today and their bodies placed in the catafalque of the chapel of the palace, surrounded by a magnificent display of wreaths and floral emblems from all parts of the country. According to a semi-official report when Princip fired the fatal shots Field Marshal Potiorek, governor of Bosnia, was seated in the archduke's motor car. Count von Harrach was standing on the foot-board of the car acting as a shield to the occupants. Of whom he constituted himself special body guard, after a bomb had been thrown a short time before by Nedeljko Gaborovich. The archduke was joking with the count about his precautions when several shots rang out.

Mortal Wound by Each Bullet.

The aim of the assassin was so true that each of the bullets inflicted mortal wounds. Lieutenant Colonel Merizzi, wounded by a bomb in the first attack, was today pronounced out of danger. The injury suffered by Count Von Bosso Waldeck is insignificant.

Croatian students here today made several attempts to punish Serbs, but troops were called and maintained order. Gaborovich was expelled from Sarajevo two years ago, but recently was permitted to return through the intervention of a socialist member of the Bosnian diet.

Some Serbian students here, when they heard the news of the assassination, shouted: "Thank God, we need not do it ourselves." They were arrested as accomplices of the assassins.

Bomb Thrown.

A bomb thrown by a youth standing on the corner of the main street of the Bosnian capital was the signal this morning for a serious anti-Serbian outbreak, which troops found considerable difficulty in quelling.

The only damage was slight injury to a passing milkman. The rougher element seized the incident as an excuse for a demonstration. They were joined by a number of Croatian students and a crowd passed along the streets, shouting the windows of Serbian shops, clubs, schools and houses and looting interiors. They paraded the streets with a portrait of Emperor Joseph at the head and attacked everything Serbian until overwhelmed by the police.

London, Eng., June 29.—Every dispatch today from Sarajevo and Vienna brought additional evidence that the assassination of Archduke Francis Ferdinand and the duchess of Hohenberg was one of the most carefully planned crimes ever carried out against royal personages.

Indications from the scene of the tragedy show it was engineered by persons possessing more than mature organizing ability than that of the youthful assassins. It is generally thought in Austria and Hungary that the plotters had headquarters in Belgrade, the Serbian capital. Serbian hatred of Austrians, always violent, has been fomented by the newspapers of Belgrade and agitators throughout Serbia and Bosnia, who helped to influence the minds of students and induce them to sacrifice their lives in the belief that they would go down in history as patriots.

Yesterday's crime is likely to have a contrary effect to that desired by its authors. Even before the bodies of the murdered couple have been in-

terred the Austrian authorities are
contemplating severe measures
against the Serbs among the inhabi-
tants of Austria and Bosnia. These
measures are likely to further embitter
the relations between the two
countries, as well as those between
Austria and Russia, protector of all
the Serbs.

Archduke Francis Ferdinand, it was
asserted today, was well aware of the
danger he was running during his tour
of Bosnia, which he undertook as in-
spector-general of the forces of the
empire. This title was conferred upon
him last year by the emperor. His
chief task was to inspect the Austrian
army which guarded the Serbian frontier
in the recent Balkan wars and prevent
encroachments by Serbian troops.
The Serbian minister of Vienna
told Ferdinand of the peril of his
visit to Sarajevo at the present time.
When the archduke and duchess ar-
rived in Sarajevo Saturday some signs
of hostility were shown by the Serb
portion of the population.

Fly Serpents Flare.

Just before the couple passed
through the city the authorities got
rid of a great display of Serbian flags
which people had hoisted instead of fly-
ing the Austrian colors. Bitterness of
feeling, however, was carried to the
extreme when in the Bosnian diet,
called to express sorrow over the
death of the archduke, four Serbian
deputies appeared in light suits, in
contrast to the sombre black of their
fellow deputies.

Plans of the assassins contemplated,
it is said, blowing up of the royal
train when the archduke and his wife
were leaving Sarajevo in case the at-
tempt by Gaborovich failed. It is
learned several bombs were found
along the Sarajevo railway over which
the archduke and his wife would have
traveled. Princip's own plans were
carefully laid. He secreted himself
behind a building at a spot where it
was necessary for the archduke's car
to slacken speed. Some accounts say
Princip actually stood on the steps of
the ducal car as he fired the shots.

In Princip's rooms the police today
found a large sum of money which
they say is further proof that he was
the paid assassin of some Serbian or-
ganization.

Live Only Few Minutes.

Sarajevo, Bosnia, June 29.—Arch-
duke Francis Ferdinand, heir to the
Austro-Hungarian throne, and the
Duchess of Hohenberg, his morganatic
wife, were shot dead yesterday by a
student in the main street of the
Bosnian capital a short time after they
had escaped death from a bomb hurled
at the royal automobile.

They were slain while passing
through the city on their annual visit
to the combined annexed provinces of
Bosnia and Herzegovina.

The archduke was struck full in the
face and the duchess was shot through
the abdomen and throat.

They died a few minutes after reach-
ing the palace, to which they were
hurried with all speed.

Bomb and Pistol Used.

Those responsible for the assassina-
tion took care that it should prove ef-
fective, as there were two assaults, the

MISS PERRY WINS PRAISE

American Girl Successful in Perform-
ing "Thais" in Paris.

Paris, France, June 29.—Miss
Eleanor Perry, the American dramatic
soprano, formerly of Chicago, and
granddaughter of Perry H. Smith, gave
a successful performance of "Thais"
at the Opéra. Mrs. William H. Moore
brought over a large party from Lon-
don for the event and also gave a
large dinner party at Negresco's res-
taurant in the Casino. Mr. and Mrs.
Thomas Bailey Aldrich were among
the guests.

Giulio Gatti-Casazza, general man-
ager of the Metropolitan Opera com-
pany of New York, is making Paris

ties, his office being at 11 Rue Bas-
sano.

During the last month he has been
visiting the principal operatic centers
in search of new artists and operatic
novelties.

21 MEN BURNED IN
A GAS EXPLOSION

Milwaukee, Wis., June 29.—Twenty-
one men were badly burned, none fa-
tally, at the head of the new intake wa-
ter tunnel this forenoon. An explosion
due to accumulation of gas, took place
2,000 feet from shore and 100 feet un-
der ground. The tunnel was not dam-
aged.

Help Reaches Ship Quickly and
Passengers Transferred
to Another Boat.

London, June 29.—The 1,016 passen-
gers on the Anchor liner California
which went ashore last night on the
rocky coast of Tory Island in a fog,
were transferred today to the Donald-
son liner Cassandra, and a small coast-
ing steamer, without loss of life. Crews
of several British torpedo boat de-
stroyers assisted in transferring the
passengers. The California lies in a
precarious position, but it is expected
will be floated when better weather
sets in. The crew remains aboard, al-
though water penetrated three of the
holds.

The Anchor Line steamer California
sailed from New York June 20 for
Moville and Glasgow. On board the
vessel were 121 cabin and over 200
second class passengers.

Tory Island lies off the northern
coast of County Donegal, Ireland. It
is a rocky reef two and one-half miles
long and half a mile wide. On the
northern end of the island is a light-
house.

Excursion Boat Burns.

Grand Haven, Mich., June 29.—Two
men were badly burned and a full crew
of sailors escaped death only after
fighting their way through smoke and
flames and jumping from windows in-
to the water when the big excursion
steamer Manifeste, formerly the Petos-
key, caught fire yesterday while lying
in the Johnson repair docks and was
destroyed.

The boat was owned by the North-
ern Michigan Transportation company
and the loss is estimated at \$50,000,
entirely covered by insurance.
The fire started in the stern of the
boat. The crew was on board, as the
craft, which had just been overhauled
and repaired, was to start at 10 o'clock
for Chicago to resume traffic opera-
tions.

Find Boat in Flames.

Bob Larson, assistant steward, and
William Filkins, cook, discovered the
fire. Not knowing its seriousness,
they made a tour of inspection before
waking the sailors.

When they gained the deck they
found the boat almost a mass of
flames. The lines had burned and,
driven by a stiff breeze, the ship was
being forced out into Spring Lake.

Elkins and Larson fought their way
to the cabins and awakened the sleep-
ing crew. The sailors were forced to
jump through the windows and into
the lake to save their lives. By the
time Elkins and Larson had completed
their work they were badly burned.

FAIL TO HALT RUN
ON CHICAGO BANKTroubles of North Avenue Con-
cern Brought on by Mun-
day-Lorimer Failure.

Chicago, Ill., June 29.—The run on
the North Avenue State bank contin-
ued today. Three hundred, mostly for-
eigners, were in line. Failure of the
Lorimer-Munday banks is held respon-
sible. The North Avenue paid out
\$250,000 Saturday and when it opened
today \$300,000, loaned by the Conti-
nental & Commercial Trust Savings
bank, the biggest in the city, was
pled in plain sight to reassure deposi-
tors.

Members of his own family have
more than a million tied up in the
closed La Salle Street bank, said Vice
President Munday. "Every relative I
have, even to the babies, has deposits
in the bank. Would I have tried to
ruin them as well as myself?"

SAIL SHIPS CROWDED OFF

Steamers Gradually Displace Old
Style in Sea Business.

London, England, June 29.—The spe-
cial sign "S" before the names of
steamers in Lloyd's announcements
has been discontinued as a frank and
final recognition of the fact that sail-
ing vessels have been nearly crowded
off the sea. In Lloyd's register of a
quarter of a century ago the sail ships
led the steamers by 22,402 to 10,250 in
numbers and 9,496,603 to 7,414,954 as
to net tons. This year's register shows
that there are now but 6,694 sailing
vessels of 3,50,936 tons, while the
steamers have increased to 23,897
tons.

Geneva, Ill., June 29.—"Tony Petras
resolved if he could not have Theresa
Hollander no one should, and when he
learned she was to marry another he
was driven to frenzy, which culminat-
ed in her murder in the grave yard at
Aurora," said Prosecutor Tyers in his

Petras intimated in cross-examination
of the first witness, Dr. J. W. Dryer,
that the defense will claim Miss Hol-

ROOSEVELT SAYS
HE FEELS BULLY

Oyster Bay, N. Y., June 29.—At 10
today Roosevelt mounted his Persian
gelding for a long canter.
"I feel bully," he said. He looked
like anything but a sick man. By noon,
however, he was busy dictating an-
swers to letters and telegrams from

cerning his health.

PAN-AMERICAN SOCIETY
IS PLANNED IN FRANCE

Paris, France, June 29.—The week
marks the inception of a project which
may become an important factor in
the relations of the United States of
America with other nations on the
American continents if it be realized
on the scale contemplated.

Its author is R. L. Lomba, the con-
sul general of Uruguay here, who pro-
poses to establish in Paris a pan-
American society on lines similar to
the institution at Washington, sup-
ported by all the nations of the west-
ern hemisphere, irrespective of race
or language. It is to be devoted to
the improvement of mutual friendship
—hence the selection of Paris as the
common center—to spread a knowledge
of American life, conditions, peoples
and opportunities throughout Europe,
develop American commerce and ad-
vance American interests generally.

Mr. Lomba is backed by the Uru-
guayan government, and is now en-
gaged in visiting the Paris representa-
tives of the American nations for the
purpose of interesting them in the
proposition. Ambassador Herrick has
expressed his approval, while Brazil,
Argentina, Chile and Bolivia praise co-
operation, although the Canadian au-
thorities seem doubtful as to whether
the suggestion does not involve an in-
fringement of allegiance to Great Brit-
ain, and Mexico owing to her internal
dissensions has not so far been in-
vited.

KILLED AT MILE
TRACK SPEEDING
ON MOTORCYCLESam Stickney, Winner of Many
Local Races, Meets Death
in Davenport.

LEAVES PATH, HITS POSTS

Believed to Have Been Traveling at
the Rate of 65 Miles Per Hour
at Time of Accident.

While training for the motorcycle
races at the Davenport mile track
July 4, Sam Stickney, 24 years of age,
lost control of his machine while going
at the rate of 65 miles an hour at noon
yesterday on the track, crashed into a
post, and was almost instantly killed.
Stickney was traveling at such a rate
that he was unable to stay on the dirt
track, which is not banked.

The unfortunate man, with a fellow
rider, had been working out on the
track during the morning. Several
spectators saw the fatality. Stickney
opened up his machine on the stretch,
and as he neared the turn at the west
end of the track, he was seen to car-
reen over in the grass. There was a
pile of posts 20 feet from the track at
this point to be used in the construc-
tion of a new fence. The motorcycle
struck the first pole and both man and
machine hurtled through the air. As
the machine struck the earth again
Stickney was thrown violently against
another post, head foremost. His com-
panions rushed to the spot and found
him bleeding and unconscious. His
forehead was crushed in, and his face
frightfully lacerated. He was still
breathing faintly when placed in the
ambulance, but expired shortly after
reaching the hospital.

Native of Davenport.
Samuel Stickney was born in Davenport 24 years ago, and had lived there
all his life. He is survived by his wife.
He had been following the racing
game for several years, and had won
numerous contests on the local tracks
this season. He competed with Pete
Sheil and J. Bredar in several excit-
ing events at Exposition park several
weeks ago, and was known as a dare-
devil rider. He was entered in the
races at the mile track for the Fourth
of July, and was working out for these
events when the fatal accident oc-
curred.

The funeral services will be conduct-
ed from his home at 327 East Four-
teenth street, Davenport, Wednesday.

GET LODGING FOR PENNY

Poor of Midhurst Obtain Room for
Week from Vicar.

London, England, June 29.—Lodg-
ings for a penny a week are offered
to the poor of Midhurst, in Sussex, by
the Rev. F. Tatchell, vicar of the parish.
He has turned an old vicarage over to
this purpose. The penny a
week obtains a bed sitting room in
cases of genuine poverty. The reason
for the penny rental scheme lies with
the charity commissioners of the town,
who have been letting the public alms-
houses to the highest bidders. The
result has been that the very poor
have been forced to pay more for
their food for lodgings. To
overcome official competition, the vicar
has started his penny lodgings.

TO RECRUIT ARMY
OVER LIMITATIONChamberlain Resolution Is Fa-
vorably Reported by Mil-
itary Committee.

Washington, D. C., June 29.—The
Chamberlain resolution authorizing the
president to recruit the army to war
strength exceeding statutory limitation,
was favorably reported by the senate
military committee.

Senators Thompson, Hughes, Lea,
Clapp and Kenyon were appointed to
investigate charges of misuse of senate
stationery in connection with a gold
mine promotion. The Lever bill, de-
signed to eliminate gambling features
in the cotton exchange, passed the
house.

KILLS BROTHER,
THEN CONFESSESWilton, Iowa, Youth Slays Rel-
ative in Fight and Then
Gives Himself Up.

After killing his brother, John Co-
zad, aged 23 years, with his fist, and
carrying the body to a farm house,
William Cozad, aged 19 years, drove
into Tipton, Iowa, yesterday afternoon
and gave himself up to the sheriff, con-
fessing his act.

A bitter feud between the two brothers
is thought to have started over
money matters. The father had kept
them separated but a short time ago
the younger Cozad returned to the
family home near Wilton, Iowa.

Sunday afternoon the two decided
to fight the matter to a final settle-
ment with bare fists, and subsequently
went to a grove near their home. The
younger Cozad struck the first blow,
downing his brother, the latter break-
ing his neck in the fall.

After seeing that he had fatally in-
jured his opponent the younger Cozad
picked the injured man up and carried
him to a farm house nearby, later driv-
ing to Tipton.

SHOPS SHOW TOELESS SHOE

It Can Be Worn Either With or With-
out Stockings.

London, England, June 29.—The toe-
less shoe for afternoon and evening
wear and to be worn with or without
stockings is the latest novelty for
women to appear in the London shops.

The new design is of a sandal form
with high French heels, and exposes
glimpses of the sides of the foot and
toes. It is also made in a wide range
of colors.

So far the new shoe has not yet
made its appearance in the street or
the fashionable tea-rooms.

Europeans were injured and great
destruction of property was caused by
a recent earthquake in the southern
districts of Sumatra.

VILLA STOPS
MARCH UPON
MEXICO CITYRebel Field General Is
Blocked By Lack of
Ammunition.

ON ORDER OF CARRANZA

Estrangement of Two Leaders
Has Reached Breaking
Point, Say Agents.

El Paso, Texas, June 29.—Lack of
ammunition has blocked General
Villa's march toward Mexico City.
Villa, fresh from victory at Zacatecas,
returned to Torreon, bringing his en-
tire army with him. His relations
with Carranza, in the opinion of agents
here, unquestionably caused abandon-
ment of his campaign.

The Carranza-Villa estrangement
has reached the breaking point, they
asserted, in that Carranza has declined
to allow Villa to import cartridges for
his men and shells for his artillery
through the port of Tampico, the only
entry way for ammunition which revo-
lutionists may use, as the border is
still closed to them by the embargo of
the United States border patrol.

Conference May Adjourn.

Washington, D. C., June 29.—De-
spite continued expression of hope
that plans for Mexican mediation will
not fail, considerable apprehension
was shown today in official circles.
Considerable significance attached to
the fact that mediation conference
plans will take a recess unless there
is some definite assurance from Car-
ranza by tomorrow that his agents will
meet the Huerta delegates and repre-
sentatives of the United States on
plans for provisional government out-
lined in the recent protocol. Carranza's
latest reply asking for time to con-
sult the generals who participated in
the plans of Guadalupe probably
will reach Niagara Falls tomorrow, it
is said. Continued reports of a wid-
ening breach between Villa and Car-
ranza served to disturb officials here.

DAVENPORT IS TO
HAVE AUTO RACESDawson Car to Be One of the
Speeders to Be Seen at
Mile Track July 4-5.

Racing cars entered in the meet to
be held at the Davenport mile track on
July 4 and 5 are already arriving in
this city. Saturday morning two Mar-
mons and the National car No. 8 driven
by Joe Dawson as the winner of the
Indianapolis race in 1912 arrived.

The Dawson car is now the prop-
erty of W. H. Horn and will take part
in several of the events. It will be
driven by Demon Walker, who holds
several circular track records and who
will make an effort to lower the local
track record of one minute flat.

Pete Petersen's mechanician, John-
son, will drive a Pops-Hartford in sev-
eral of the races.

Included in the program will be ex-
hibitions by Elmer Dietz, the daring
motorcyclist.

PRESIDENT IS NOT

president will take no action on the
strike situation in Butte. Pending fur-
ther developments federal troops will
not be moved from Vancouver bar-
racks to Fort Missoula to be in readi-
ness in case of trouble for the present.JOHNSON IS NO LONGER
HERO OF COLORED RACEChicago, Ill., June 29.—Jack John-
son is no longer the hero of Chicago's
"black belt."

Contrary to the usual custom after
a ring victory for the black champion,
there was no great celebration around
the colored rialto Saturday night fol-
lowing the news that Johnson had de-
feated Frank Moran in 20 rounds at
Paris. While the result was posted in
the different saloons, it aroused little
comment and the betting was light.

"Johnson is no longer a hero around
here," one of "Little Arthur's" former
cronies said. "Of course a few people
were interested in the result, but
there was no great cheers for him,
such as followed the result of Burns,
Jeffries and Flynn fights. Besides I
don't believe there was \$100 bet on
him in the colored district."
